Is est Amorum feruida iurgijs .  
 Adeſte Pimplæ numina . Cælitis  
 In Cyprum ſunt hæc vibrata  
 Ludibrijs onerata Numen .

Non ſolum Hortis Vere comantibus  
 Inſane diueſ vixeris : æmula  
 In patrio regno nitebunt  
 Elyſijs quoque noſtra Tempe .

Nec me laceſſit cura procacium ,  
 Et luridorum ſanguine graminum :  
 Amœnitatum non Napeæ  
 Vellicat Idaliæ cupido .

A 4

Tu

Tu floris atri cultor , & arbiter :  
 Tu funerato sanguine viuidos  
     Colore foetus ; tu mephitim  
     Cæce finis redolere germen :

Castæ voluptas , scilicet , auia  
 Menti improbandis fordet odoribus :  
     Colorque fucatus cruore ,  
     Exanimi citò languet aurâ.

Non est amænis aptus honoribus  
 Flos impudico sanguine discolor ;  
     Fænusque non auget voluptas ;  
     Funus vbi Lybitina censet .

Tu , nempe , campos funere feruidos ,  
 Procax Cupido , per Paphias plagas ,  
     Per Cyprias , quâ se Cytheron  
     Tollit , Acidaliusque iactas .

Proh

Proh quæ voluptas ! turba cadauerum  
 Perfrondet Hortos ! ficcine deuiat  
 Mens ? parco. cæcutis ; nec Horti  
 Quale decus tibi stulte cernis ,

Rosas Parentis sanguine tabidas ,  
 Et funerati Germen Adonidis  
 ( Apro fuit liſtore dignus )  
 Delicium malè ſane cenſes .

Narciſſus atræ pignus inertię !  
 Te flos Amyclà cretus : Amaracus ,  
 Iuuatque tabentis perofa  
 Floſ Clytiæ ſpeculantis aſtra .

Proh cultor Horti funere diuitis !  
 Veſpillo tanti iure cadaueris  
 Dicere per me ; non amani  
 Hoſpes eris celebrandus Horti .

Vah

Vah quæ voluptas ! flos breuior die ;  
 Campique pleni fœnore vepreo ,  
 Quorum per herbas tortuosum  
 Agglomerant colubri volumen .

O nauseandæ grāmīna Chloridis !  
 Quæ non secundo perluit aluco  
 Riuus , nec imber ; sed cerastæ  
 Rictibus inficiunt trifulcis .

Non inuidendo , credito , gramine  
 Cupido , vernant ambiciosius  
 Horti superlati : voluptas  
 Hospitibus tamen apta fœdis .

Comas procacis ferta Cupidinis  
 Decent procaci gramine prædita :  
 Spinisque curarum prementem  
 Arua decent metuenda spinis :

Pla

Ploranda quantum turba sequacium  
 Tui; capillos quæ petulantium  
 Florum corymbis impedita est,  
 Vindicibus dolitura dumis.

Effer tuorum munera graminum;  
 Superbe; campos effer: amænitas  
 Præstantior quanto colono  
 Virginei mihi plaudet Horti!

Hæc impudici missilis arbitro  
 Amor pudico missile præpotens:  
 Et iurgiis admussitantem  
 Destituit sine voce foedum.

Alisq[ue] Cælo creditus ardua  
 Pulsat strepentum regna tonitruum:  
 Lætusq[ue] clamat: *Nazarena*  
*Nata mihi velut Hortus Infans.*

PLA

Plausère moti cædinibus Poli.  
 Mox differatis cælitùs atrijs,  
 Camposque præcurrente Amore;  
 Nazareos Honor, ac Honestas

Iuère nulli cognita numina.  
 Ridebat aer quà properantium  
 Iter ferebatur: voluptas  
 Atque recens recreabat auras.

Qualis, diurnà quæ niue languit,  
 Tellus soluto læta Fauonio  
 Fessum ciet gramen, supinumque  
 Euigilat rediuiua cultum.

Iam Nazarenæ Virginis ad fores  
 Ter forte læti constiterant Amor,  
 Gæloque deducti sódales;  
 Terque suum dederant triumphum;  
 Carmes

Carmelus , Hermon , Amneque feruido  
Iordanis , Echo lustra Sionia  
Responderant ; festique Cliui  
Nectareis tepuere riuus .

Mutasse sedem sydera crederes :  
Cessisse vernos Erigoni dies :  
Infans nitebat sic amæno  
Vere genis , oculisque Virgo !

Quirina tanto flore suburbia  
Ne crede: cense Mediceos, cane  
Burghesios , Pamphilianos ,  
Enumera Ludouisianos ,

Et quotquot hortos Romulus obstupet,  
Plus in labello , crine in amabili  
Plus est voluptatum Puellæ :  
Delicijs minor axis idem ;

Quar

Quas non supinet virgula Tarquinj;  
 Non cura Cyri; non Topiaria  
 Corcyra regnet: sed supernus  
 Delicium colat vnus Auctor.

Plausit sagittæ cælitis arbiter  
 Amœnitatum Virginis Hortulo:  
 Plausere Honestas, Gloriaeque  
 Frater Honor, sobolesque certa

Virtutis. Altè dona comantium  
 Florum stupeſcunt. Hinc pharetram ſolo;  
 Arcumque commendat; rudemque  
 Sumit Amor faciem coloni:

Certoque ſuetus findere peſtora  
 Ictu, manu non indocili fodit  
 Hortum ſagittis pro ligone,  
 Proque ſolo colit vſque Natam.

Creuè

Creuere florum millia : Gloria,  
 Mater Pudoris, Gratia, Castitas  
 Et Innocens vis non tulere;  
 At fieri voluere flores.

Riuis Honestas, ac Honor educant  
 Fœtus, fugatis non benè olentibus,  
 Vt læta tandem *Flore Campi*  
*Virgo micet velut Hortas orta.*
